## **VENDOR REGISTRATION PACKAGE**

Dear Vendor:

Thank you for your interest in doing business with the County of Mohave, Arizona. The Department of Procurement is the County's centralized purchasing function and performs necessary contracting activities on behalf of the numerous county departments and divisions.

A list of bidders of all known commodities and services purchased by the County is maintained by the Department of Procurement. These commodities and services are categorized by National Institute of Governmental Purchasing (NIGP) commodity code and sub-code.

To become a registered vendor with the County of Mohave, a vendor currently can download a vendor registration package to complete from our web site and send to the Procurement Department for processing. The Vendor Registration package includes an Application form and Commodities and Services selection list, which details the types of commodities and/or services the vendor can provide to the County, must be completed, signed and returned to this department. Only the commodity sheets that apply to your company's products and services need to be completed and returned, however, it is very important to include the commodities your company provides so that your company may be properly registered. Vendors are responsible for specifying the appropriate commodity classes on their registration form. If you are unfamiliar with the NIGP commodity codes, please do not hesitate to contact this department for assistance.

The County also requires the submission of an original Federal W-9 form which can be retrieved from the Internal Revenue Service at: [www.irs.gov](http://www.irs.gov) under "Most Requested Forms."

Once registered, vendors are responsible for consistently maintaining their vendor record by updating information with the Department of Procurement as necessary. To ensure maximum participation, vendors should regularly check for posted notices and official advertisements on the Department of Procurement's *Bid Opportunities* Internet site at: [http://www.co.mohave.az.us/depts/purch/purch\\_rfp.asp](http://www.co.mohave.az.us/depts/purch/purch_rfp.asp) Failure to respond to a formal solicitation is defined as a total lack of response when invited by the County to submit a bid or proposal. The County reserves the right to update and validate its bidders' list from time to time and may require renewal of existing applications on file. The County requires a current vendor registration package to be on file prior to the award of any contract.

Sincerely,

**MOHAVE COUNTY DEPARTMENT OF PROCUREMENT**
